See the World

Sport Optics

SEE THE WORLD Through

SEE THE WORLD

For over Eighty years Swift has continued to provide high quality, innovative optical products helping generations of Birders, Outdoorsmen, Students and Educators magnify and observe the world.

Swift Sport Optics opened for business during the economic boom of the 1920's. Through the Great Depression, World War II, the Cold War, the Fall of the Iron Curtain as well as the daily transformations that occur in our World, we have continued to innovate and grow to ensure longevity and prove that Swift is a brand to trust.

OUR COMMITMENT

Swift Sport Optics continues to combine the time-honored features and quality that you have grown to love and trust with innovative new products featuring the latest technology. We are dedicated to keeping you ahead of the trends and providing the generations of Swift supporters with continued quality and new growth.

We are committed to developing products that meet customer demand. We value our customers as a resource, and have increased our efforts to listen and gather feedback from the end-user. Through these efforts we have designed the finest, most practical binoculars, spotting scopes, riflescopes and pistol scopes with the capability of modern technology.

To better serve our customers, Swift has established a tiered grouping of product series to help identify the tools that will best meet the needs of our customers and simplify the buying process.

gh Swift Sport Optics

SWIFTPREMIER HP Collection

Combining our top rated binoculars - the Swift Audubon® Series and the Swift Eaglet Series; and spotting scope - 851ED NightHawk™. Each offers superior optics for maximum light transmission and greater image definition in various light conditions. The ergonomic design provides ease of use and reduction in user fatigue as well as improved durability and shock-absorption to help protect your product from use in varying conditions and a multitude of terrains.

SWIFTPREMIER Collection

Featuring the patented Ultra Series, the first and only binoculars to incorporate two different types of rubber. The hard exterior coating protects against bumps and bangs while the soft interior rubber and ergonomic design gives the user added comfort and reduces user fatigue. The Swift Horizon binocular Series, with silver-coated prisms for increased image quality and durable magnesium-alloy die cast body; and the Premier spotting scope Series, offering ED Glass for exceptional, precise color definition, optimum resolution and sharpest possible images. Each SwiftPremier product offers excellent glass, mechanical quality and overall outstanding performance

SWIFTRELIANT Collection

Introducing the latest addition to the Swift family of products with the Reliant binocular and spotting scopes Series. The entire collection is designed specifically for the conscientious consumer who seeks quality products at an affordable price. With three new waterproof roof binoculars, three new porro binoculars, two new lightweight, waterproof/fogproof compact spotting scopes. Each product is unique in appearance and offers dependable results every time.

Swift Binocular Collection

Adventures Untold

SWIFTPREMIER HP (High Performance) COLLECTION

SWIFT EAGLET SERIES

Why settle with the ordinary when extraordinary is within your grasp! The Swift Eaglet Series is a MUST SEE for all birding and outdoor enthusiasts. The 7x36 is ideal for butterfly and hummingbird watching. If you haven't looked through a pair of these binoculars, you are missing one of the world's best views!

This lightweight roof prism binocular with phase coating offers unsurpassed optical quality. Its Kellner Ocular System and three objective lenses eliminate spherical aberration and reduce astigmatism, which results in especially high resolving power. In addition, the Eaglet boasts the latest advancement in prism coating technology. CFT™ (Cold Fusion Technology™) is the unique process of applying multiple coatings to the surface of each roof prism without exposure to high temperatures, thereby protecting the integrity of the prism surface. This process increases reflective performance up to 99.8%, enhances brightness and color definition making this glass ideal for dawn to dusk use.

- CFT, 64 Layer Prism Coating
 - 99.8% Light Transmission
 - Ideal for Dawn/Dusk use
- Kellner Ocular System
- BaK4, Phase Corrected Prisms
- Fully Multi-Coated Optics
- Twist-up Eyecups
- Superior Stereoscopic Vision
- Waterproof, Fogproof & Shockproof
- SwiftPremier Twenty Five Year Warranty

825 Eaglet 7x36
374 ft/124m - 20.6 oz/ 584g

826 Eaglet 8x42
372 ft/ 124m - 23.4 oz/ 664g

827 Eaglet 10x42
261 ft/ 87m - 23.6 oz/ 670g

Complete with neoprene neck strap, ocular and objective lens covers, microfiber lens cloth and padded field case

EXPLORE

"There is no end to the adventures that we can have if only we seek them with our eyes open."

Jawaharlal Nehru

SWIFTPREMIER HP (High Performance) COLLECTION

SWIFT AUDUBON® 820 & 820ED

Designed based on specifications gleaned from a Swift survey of the world's leading ornithologist, the Swift Audubon binoculars have become famous worldwide for superior performance and dependability.

Equipped with a 5-lens ocular system, BaK4 prisms, fully multi-coated optics and pop and lock eyecups adding comfort for eyeglass wearers. The Swift Audubon produces crisp, high definition images to the outer edges of the wide field and close focuses to under 10 ft. The rubber-coated body is made of magnesium to reduce weight and is sealed to make the binoculars waterproof.

Added to the patented features and world-renowned optical formula of the original 820 Swift Audubon is an ED (Extra low Dispersion) lens. ED Glass provides exceptional, precise color definition, while promoting optimum resolution and sharpest possible images. It even further expands the viewing capabilities of fine optics. Available on the 820ED only.

820ED Swift Audubon 8.5x44mm
430 ft/ 143m - 24 oz/ 682g

- ED Glass (*820ED only*)
- 5-Lens Ocular System
- BaK4 Prisms
- Fully Multi-Coated Optics
- Pop and Lock Eyecups
- Rubber Armored
- Close Focus to under 10ft/ 3m
- Waterproof, Fogproof & Shockproof
- SwiftPremier Twenty Five Year Warranty

Complete with neoprene neck strap, ocular and objective lens covers, microfiber lens cloth and hard padded storage case

820 Swift Audubon 8.5x44mm
430 ft/ 143m - 24 oz/ 682g

SWIFT AUDUBON 828

Swift has added a roof prism version of the world famous Audubon binocular. Using the same renowned 8.5x, 44 optical formula, BaK4 prisms, twist-up eyecups, and lightweight rubber armored body as the porro prism Audubons. The 828 offer fully multi-coated optics for high resolution viewing, close focus to under 9 ft., and a comfortable 19mm eye relief. The latest models incorporate a left diopter adjustment operated from the center focus knob that makes focusing easier and faster.

- 5-Lens Ocular System
- BaK4 Prisms
- Fully Multi-Coated Optics
- Twist-up Eyecups
- Close Focus to under 9ft/ 2.7m
- Center Focus Diopter Adjustment
- Waterproof, Fogproof & Shockproof
- SwiftPremier Twenty Five Year Warranty

828 Swift Audubon 8.5x44mm
336 ft/ 112m - 23.4 oz/ 663g

Complete with neoprene neck strap, ocular and objective lens covers, microfiber lens cloth and padded field case

Combination Center Focus/Diopter Adjustment

For a more convenient quick focus, the 828 Swift Audubon features a center focus knob which controls the left eye diopter adjustment. To use, simply grasp the top of the center focus knob and pull up, this is called the Diopter ring. The diopter ring will then turn independently to adjust to the left eyepiece only.

Once you have set your diopter press down on the diopter ring to lock the diopter setting in place. When locked the center focus knob will continued to work as a complete unit.

SWIFTPREMIER COLLECTION

ULTRA SERIES

The first and only binoculars to incorporate two different types of rubber to improve durability, shock-absorption and comfort. The hard exterior rubber protects the binoculars against bumps and bangs while the soft interior rubber and patented ergonomic design gives the user added comfort and reduces user fatigue. The soft interior also provides a sure grip in any weather condition. This same technology is used to create a non-slip focusing knob on these binoculars. The Ultra Series offers premium optics and features the finest BaK4 prisms, new SHR (Super High Resolution) full multi-coating technology with additional layers to provide greater light transmission than standard multi-coatings, long eye-relief, close focusing and durable waterproof construction.

929 Ultra 8x42

(Available in Blue, Gray & Green)

341 ft/ 114m - 24 oz/ 680g

- Dual-density Rubber Armor
- Ergonomic design
- SHR Fully Multi-coated Optics
- BaK4, Phase Corrected Prisms
- Twist-up Eyecups
- Close Focus to under 6ft/ 1.8m
- Waterproof, Fogproof & Shockproof
- SwiftPremier Twenty Five Year Warranty

930 Ultra 10x42

(Available in Blue, Gray & Green)

314 ft/ 96m - 24 oz/ 680g

Complete with neoprene neck strap, ocular and objective lens covers, microfiber lens cloth and padded field case

NOW available in Green!!!

HORIZON SERIES

Broaden your horizons with the Swift Horizon binocular series. Whether your interests are NASCAR®, football, birding or hunting the Horizon is a perfect match. Featuring silver-coated optics for high image quality and increased light transmission, the finest BaK4 phase corrected prisms, long eye-relief, wide field of view and exceptional close focusing to under 4 feet. The durable magnesium-alloy die cast body and nitrogen purged waterproof/fogproof design ensures this binocular can take the hits of everyday and everywhere use.

- Silver-coated Prisms
- Fully Multi-coated Optics
- BaK4, Phase Corrected Prisms
- Twist-up Eyecups
- Close Focus to under 4ft/ 1.2m
- Magnesium-ally Die Cast Body
- Waterproof, Fogproof & Shockproof
- SwiftPremier Twenty Five Year Warranty

920 Horizon 10x42
342 ft/ 114m - 26.8 oz/ 760g

919 Horizon 8x42
387 ft/ 129m - 26.8 oz/ 760g

Complete with neoprene neck strap, ocular and tethered objective lens covers, microfiber lens cloth and padded field case

SWIFTRELIANT COLLECTION

RELIANT ROOF SERIES

Designed for the conscientious consumer who wants a quality product that will deliver dependable results at an affordable price. These binoculars are equally at home in a sports arena, as a travel companion or in the field.

This lightweight roof prism binocular series with BaK4 phase coated prisms will focus from 6.5ft to infinity (compact 4.9ft), making this glass ideal for any outdoor enthusiast. The Reliant Series offers fully multi-coated optics for crisp image detail; twist-up contoured rubber eyecups for a comfortable view and a large, easy to use center focusing knob for rapid target focus. To better accommodate eyeglass wearers this series also offers a longer eye relief and increased diopter range. The waterproof/fogproof design allows for use in all weather conditions and the compact feel makes this binocular the ideal travel companion.

742 Reliant 9x27
333 ft/ 111m - 15.4 oz/ 436g

- BaK4, Phase Corrected Prisms
- Fully Multi-coated Optics
- Twist-up Contoured Rubber Eyecups
- Close Focus to under 6.5ft/ 2m
- Close Focus to under 4.9ft/ 1.5m (9x27)
- Waterproof, Fogproof & Shockproof
- SwiftReliant Five Year Warranty

Complete with neoprene neck strap, microfiber lens cloth and padded field case. Ocular and objective lens covers with models 744 and 745.

744 Reliant 8x42
367 ft/ 122m - 20.6 oz/ 585g

745 Reliant 10x42
293 ft/ 97m - 20.6 oz/ 585g

RELIANT PORRO SERIES

Excellent all purpose binoculars with a sweeping field of view, ideal for tracking fast moving objects for the bird watcher, hunter or sports fan. This series offers fully multi-coated optics with BaK4 prisms for crisp image detail; retractable rubber eyecups for a comfortable view; smooth rubber armor and a large, easy to use center focusing knob for rapid target focus and ease of use even while wearing heavy gloves.

747 Reliant 8x40

430 ft/ 143m - 26.5 oz/ 750g

748 Reliant 10x50

370 ft/ 123m - 31.7 oz/ 900g

- BaK4 Prisms
- Fully Multi-coated Optics
- Anti-reflective Coating
- Smooth Rubber Armored
- Retractable Rubber Eyecups
- Wide Field of View
- SwiftReliant Five Year Warranty

Complete with neoprene neck strap, ocular and objective lens covers, microfiber lens cloth and padded carry case

RELIANT COMPACT ZOOM

Compact, versatile, lightweight and easy to use. Its fully multi-coated optics, BaK4 prisms and excellent ocular system grant clear images at a variety of powers. The retractable rubber eyecups provide a comfortable view and are ideal for eyeglass wearers.

- BaK4 Prisms
- Fully Multi-coated Optics
- Retractable Rubber Eyecups
- Close Focus to under 9.8ft/ 3m
- SwiftReliant Five Year Warranty

Complete with neck strap, microfiber lens cloth and padded carry case

DISCOVER

"The real voyage of discovery consists not in seeking new landscapes but in having new eyes."

Marcel Proust

SWIFT MARINE BINOCULAR COLLECTION

Since 1926, Swift binoculars have been the reliable, and sometimes life-saving companion of professional and amateur mariners. As supplier of marine binoculars we are committed to developing products that continue to meet customer demand, specifically with regard to product innovations. Through these efforts we have designed the finest, most practical binoculars with-in the capability of modern technology.

The SeaWolf and SeaHawk are each equipped with flat-field, distortion free, high resolution optics for sharp edge-to-edge clarity; BaK4 prisms with broadband fully multi-coated optics offering increased brightness and reflective performance; and all metal construction for strength and durability. The ribbed rubber armor provides sure-grip in all weather conditions while the sealed O-ring and dry nitrogen purged make these binoculars 100% waterproof and fogproof.

SWIFT SPORT OPTICS WARRANTY

Swift Sport Optics is committed to developing products that excel in quality and performance; and demonstrate the extraordinary quality of workmanship and materials which make these products a sound investment.

Should you have any questions or concerns with your new Swift purchase, please call 877.MYSWIFT to speak with a qualified Service Representative. In the unlikely event that an exchange is necessary the Service Representative will be able to expedite the return process and issue a Return for Inspection number (RFI). All service, repair and returned merchandise **MUST** receive an RFI. Returns will not be accepted without an RFI.

SWIFTPREMIER Warranty

Swift Sport Optics warrants all SwiftPremier HP (High Performance) and SwiftPremier binoculars and spotting scopes from defects in materials and workmanship for a period of Twenty Five (25) years.

SWIFTRELIANT Warranty

Swift Sport Optics warrants all SwiftReliant products from defects in materials and workmanship for a period of Five (5) years. This includes all SwiftReliant binoculars and spotting scopes.

If a defect arises and a valid claim is received, at its option, Swift will either (1) Repair the product defect at no charge, using new or refurbished replacement parts or (2) Exchange the product with a product that is new or which has been manufactured from new or serviceable used parts and is at least functionally equivalent to the original product.

Swift products purchased outside North America are not included in this warranty, but are covered under separate warranties issued by Swift International, BV. Please call your local International Distributor for details. This warranty gives you specific rights. You may have other rights which vary from state to state. Swift reserves the right to change product specifications or to discontinue products without prior notice.

WARRANTY CONDITIONS Warranty covers only those defects which arise as a result of normal use of the product, and do not apply to any product (1) which has been repaired or altered unless done or approved by Swift, (2) which has not been maintained in accordance with any operating or handling instruction provided by Swift, (3) which has been altered or damaged by accident, (4) which has been subjected to unusual physical stress, misuse, abuse, or negligence or (5) which has been used other than in accordance with the product operating and handling instructions.

ITEMS NOT COVERED include but are not limited to: product alignment, general cleaning and maintenance of the product, carrying/neck straps, ocular and objective lens covers/protective dust caps, general wear and tear of rubber eyecups/eye pieces, pouches and/or cases.
